Find out more about our wide range of weigh ready, FORS compliant, municipal vehicles available to rent

**Call 01453 899 131**  
and we will help you find the ideal solution.

# Testimonials

At Cawleys we have always moved with the times, investing in new technology as waste management has evolved from simple disposal to more sustainable approaches. It is great to work with a company like RVS that shares this journey and understands the sector and its demands inside out. RVS can tailor its vehicle hire options to suit our needs, providing swift delivery, great quality and ensure we have a fleet that can meet any challenge.

PHIL GUDGEON, MANAGING DIRECTOR,  
CAWLEYS

It's good to know that we have back up if the vehicle breaks down. Should anything happen RVS will provide us with a hire vehicle within 24 hours, at no additional cost to us. It's a huge comfort factor to have RVS behind us and allows me to get on with looking after the business. I'm very impressed with their approach and customer focus; there's no pressure-selling and they are a friendly, family business like us.

PAUL MINTERN, DIRECTOR,  
REEF ENVIRONMENTAL

## RVS Contract Hire Fleet

We understand the challenges fleet operators face and often vehicle procurement can be a daunting factor to consider. At RVS we utilise our expertise in refuse and recycling vehicles, to create bespoke contract hire packages to suit the individual demands of your business.

By choosing the complete contract hire solution, you will be provided with a brand new vehicle, built to your exact specification, fully maintained, over a fixed period of time. This gives you a cost-effective solution to owning a modern fleet, with none of the associated risks of owning outright.

Let us take the complexity out of procuring and maintaining your fleet.

Whatever your requirements may be - please give us a call, and we will help you find the ideal solution.

# Testimonials

“ We have a small work force and RVS has an excellent reputation for this kind of work. They gave a competitive quote and are now undertaking a planned repair and service programme to give our vehicles a second lease of life.

RVS always exceed our expectations and the vehicles have come back in excellent condition. We say we need the vehicles on Friday and they deliver them on the Wednesday or Thursday! We are impressed and considering using their vehicle hire services in the future too.”

IAIN FORTUNE, FLEET MANAGER,  
BRISTOL WASTE COMPANY  
(A WHOLLY OWNED SUBSIDIARY OF BRISTOL COUNCIL)

“ A friend who runs a waste company recommended I talk to RVS and they've been great. They have managed the whole process for me and delivered the exact specification of vehicle and in a matter of weeks. The vehicle looks great and operates very well, and with RVS looking after it I hope it will stay that way for quite a few years.”

GRANT SCOTT, DIRECTOR,  
HAWKINS & SCOTT

“ The finish on the Quality Used vehicle is fantastic and interior is second to none. How they managed it I don't know! We're looking forward to receiving the next one.

We are a family run company and we like dealing with RVS because they are a family company too. You get a really personal service. When we need a new vehicle Spencer visits us and advises us on the right equipment. We always go with his recommendations and we use their hire vehicles to fill any gaps.”

# Quality, Assurance & Peace of Mind

RVS operates on three cornerstone standards:

## Quality ISO 9001 : 2015

– illustrates our effective management system and ensures our commitment to quality

## Environment ISO14001 : 2015

– RVS has established, implemented and operates an Environmental Management System.

## Occupational Health and Safety ISO 45001: 2018

– RVS not only looking after staff but demonstrating compliance and best practice to our customers and suppliers

As an industry-trusted supplier, RVS is also registered with several framework providers to ensure the highest level of compliance.
