

## Spare parts to your door next working day.

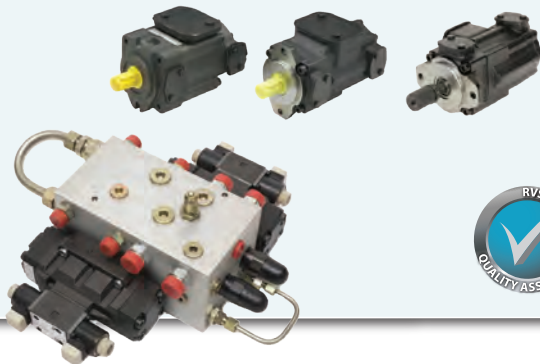

For new, used or reconditioned spare parts look no further than our extensive parts department. We stock a comprehensive range of high quality parts that support most refuse vehicle and bin lifting equipment manufacturers.

### New & Used Spare Parts

High quality parts for most refuse vehicles and bin lifts

- Electrical components
- Pins, bushes & bearings
- Hydraulic cylinders
- Hydraulic Pumps & PTO's
- Complete packer assemblies
- Bin-lift components

*"We have purchased both remanufactured and quality used vehicles from RVS and we are always impressed by the attention to detail that goes into making these vehicles as good as new. The service from RVS is second to none and any issues are dealt with immediately. We will continue to boost our fleet with RVS vehicles."*

**Stephen Townsend, Group Fleet Engineer,  
Grundon Waste Management Ltd**

### Transport

#### Low Loader Service

A low loader is the only legal way to transport vehicles with no MOT. Our own remanufactured semi-low loader trailer with a gvwt of 44 tonnes and with a highly trained driver, is available to help you collect or deliver vehicles safely and legally.

### Finance

#### Flexible leasing options

We offer a short or long term leasing service to help our customers spread the costs of purchasing a vehicle and improve the return on investment. We offer flexible payment options and credit decisions can be made quickly.

For more information call us on 01453 899 131 or email us at [info@rvsl.co.uk](mailto:info@rvsl.co.uk)

## Choose the vehicle you want, the way you want it.

We can remanufacture a vehicle to meet your exact needs and deliver it for around half the cost of a new vehicle, and in a fraction of the time.

With our specialist engineering expertise we remanufacture refuse vehicle bodies and bin lifts, and fit them to new or used chassis.

### Remanufactured Refuse Vehicles

#### What makes an RVS remanufactured body

- All mechanical, structural, hydraulic and electrical components removed and inspected
- Full audit and diagnosis of every component
- Body rebuilt with new or remanufactured parts
- Shot blasted, painted in customer's livery and polished

“We choose RVS to remanufacture our Front End Loaders and Refuse Collection Vehicles because they deliver a consistently high quality of workmanship at competitive prices. The team at RVS are extremely professional and knowledgeable. The vehicles are great value for money.”

Phil Ellis  
Chief Engineer, Veolia

“We saved over 50% of the cost of buying a new vehicle when we bought a remanufactured vehicle from RVS.”

Paul Baker  
Managing Director  
Bakers Waste Services Limited

### Remanufactured Bin Lifts

#### Remanufacturing a bin lift to be as new

- All mechanical, structural, hydraulic and electrical components removed and inspected
- Full audit and diagnosis of every component
- All components shot blasted and painted in customer's livery
- Rebuilt to conform to LOLER specifications

## Not just any vehicle can be an RVS Quality Used vehicle.

All Quality Used vehicles from RVS undergo a rigorous process with our specialist technicians. We leave no stone unturned and promise the same level of quality, service and customer satisfaction as a new vehicle.

### Quality Used Refuse Vehicles

#### Peace of mind with an RVS Quality Used vehicle

- Complete inspection and audit of chassis, body and bin lift
- All defects corrected to DVSA/manufacturers specifications
- Vehicle fully serviced and MOT'd
- Optional respray and cab interior renewal

We carry out a 72 point check on all our vehicles before they are delivered.

“The quality of the vehicles from RVS is difficult to tell apart from brand new vehicles plus they offer the same operational lifetime.”

Simon Almond,  
Managing Director  
Devon Contract Waste
